The Englor Affair J.L. Langley 2020 Anxious to escape the confines of Regelence society, if only for a little while, Prince Payton Townsend poses as an admiral's aide to further investigate a dangerous conspiracy. Payton plans only to use his computer skills to help navigate the tangled web of mystery and deceit on planet Englor, then return home, but he finds himself drawn to the charismatic Colonel Simon Hollister. Simon, however, is no mere soldier--he is heir to the throne of Englor, and his life is meticulously planned to include a bride and heir. Unlike Regelence, the Regency society on Englor disapproves of same-sex relationships, and Payton and Simon's attraction plays out in a daring secret affair, one Simon never expected would grow into love. Risking scandal and certain ruin if they are discovered, Payton and Simon uncover more about a common enemy and a deadly plot that imperils both their worlds. But in this game of interplanetary intrigue, love might be the ultimate casualty....

Wish You Were Dead Todd Strasser 2009-09-01 Str-S-d:I'll begin with Lucy. She is definitely first on the list. You can't believe how it feels to be in the cafeteria and turn around and there she is staring at me like I'm some disgusting bug or vermin. Does she really think I WANT to be this way? I hate you, Lucy. I really hate you. You are my #1 pick. I wish you were dead. The day after anonymous blogger Str-S-d wishes the popular girl would die, Lucy vanishes. The students of Soundview High are scared and worried. Especially frightened and wracked with guilt is Madison Archer, Lucy's friend and the last person to see her the night she disappeared. As days pass with no sign of the missing girl, even the attention of Tyler, an attractive new student, is not enough to distract Madison from her growing sense of foreboding. When two more popular students disappear after their names are mentioned on Str-S-d's blog, the residents of Soundview panic. Meanwhile, Madison receives anonymous notes warning that she could be next. Desperate to solve the mystery before anyone else disappears, Madison turns to Tyler, but can she trust him when it becomes clear that he knows more than he's sharing? The clock is ticking. Madison must uncover the truth behind the mysterious disappearances . . . before her name appears in Str-S-d's blog. In the spirit of stories like *I Know What You Did Last Summer*, Todd Strasser updates the teen thriller for the techno age with *Wish You Were Dead*, the first installment in a new "thrill"-ogy.

[Financial Feasibility Studies for Property Development](#) Tim Havard 2013-10-30 Essential for any real estate professional or student performing feasibility studies for property development using Microsoft Excel and two of the most commonly used proprietary software systems, Argus Developer and Estate Master DF. This is the first book to not only review the place of financial feasibility studies in the property development process, but to examine both the theory and mechanics of feasibility studies through the construction of user friendly examples using these software systems. The development process has seen considerable changes in practice in recent years as developers and advisors have adopted modern spread sheets and software models to carry out feasibility studies and appraisals. This has greatly extended their ability to model more complex developments and more sophisticated funding arrangements, saving time and improving accuracy. Tim Havard brings over 25 years of industry and software experience to guide students and practitioners through the theory of development appraisals and feasibility studies before providing internationally applicable worked examples and potential pitfalls using Excel, Argus Developer and Estates Master DF.

When God Goes to Starbucks Paul Copan 2008-08-01 More than ever, Christians are bombarded with tough faith questions from their pluralistic friends and neighbors. Many of these emerge as "anti-truth claims" and slogans we are all familiar with: · Why not just look out for yourself? · Do what you want--just as long as you don't hurt anyone · Miracles violate the laws of nature · Aren't people born gay? Paul Copan has been answering questions like these for many years. In *When God Goes to Starbucks*, he offers readers solid and caring Christian responses to these and many other concerns that are being discussed in Starbucks, shopping malls, youth groups, and schools. Each chapter provides succinct answers and points for countering the cultural questions believers are faced with today.

The Book of Dog Poems Ana Sampson 2021-09-07 The truth I do not stretch or shove When I state that the dog is full of love. I've also found, by actual test, A wet dog is the lovingest. 'The Dog' by Ogden Nash The relationship between us humans and our dogs has inspired many of the world's greatest poets. Sometimes funny, sometimes moving, the poems in this beautifully illustrated anthology are a true celebration of the faithful, affectionate, delightful dog. The perfect gift for dog lovers.

Flash Cartoon Animation Glenn Kirkpatrick 2011-09-14 You want to make an animated film. You've got the idea. You've got Macromedia Flash. But where do you start? What's the best way to script your cartoon, how do you start animating with Flash, what do you really need to know in order to get your ideas out there to make you famous? Who better to ask than two seasoned professionals, who've not only worked for Disney, but also run the hugely successful cult website, funnyazhell.com. Kevin Peaty and Glenn Kirkpatrick draw on their rich studio experience and their knowledge of Flash to show you the best way to create great Flash cartoons that look as good as traditional animated films. This book follows the professional process, taking a creative idea from storyboard stage, through layout to publishing, via a detailed look at animation techniques, that will give you the kind of insight normally only gained from years spent in the industry. In depth and detailed, the book follows the production of a cartoon from inception to final output—looking at all the decisions and skills that have contributed to its appeal. The book covers Flash versions 4 and 5 as well as MX. Whether you're completely new to Flash, or are making your first steps into the world of Flash cartooning, this book will let you work alongside the professionals to make your own animated masterpiece. With this book on your desktop, all you need is an idea! Watch and listen to 'The Boy Who Cried Wolf' as created throughout the book by Glenn and Kevin. And then think how you'd have done it in your own style... All you need is Flash Cartoon Animation! If you need even further inspiration, check out the funnyazhell.com website, where there are many fantastic movies by Kevin, Glenn and others.

A Historical Guide to Edith Wharton Carol J. Singley 2003-01-30 Edith Wharton, arguably the most important American female novelist, stands at a particular historical crossroads between sentimental lady writer and modern professional author. Her ability to cope with this collision of Victorian and modern sensibilities makes her work especially interesting. Wharton also writes of American subjects at a time of great social and economic change—Darwinism, urbanization, capitalism, feminism, world war, and eugenics. She not only chronicles these changes in memorable detail, she sets them in perspective through her prodigious knowledge of history, philosophy, and religion. A Historical Guide to Edith Wharton provides scholarly and general readers with historical contexts that illuminate Wharton's life and writing in new, exciting ways. Essays in the volume expand our sense of Wharton as a novelist of manners and demonstrate her engagement with issues of her day.

Visual Basic 2008 Paul J. Deitel 2009 Appropriate for all basic-to-intermediate level courses in Visual Basic 2008 programming. Created by world-renowned programming instructors Paul and Harvey Deitel, Visual Basic 2008 How to Program, Fourth Edition introduces all facets of the Visual Basic 2008 language hands-on, through hundreds of working programs. This book has been thoroughly updated to reflect the major innovations Microsoft has incorporated in Visual Basic 2008 and .NET 3.5; all discussions and sample code have been carefully audited against the newest Visual Basic language specification. The many new platform features covered in depth in this edition include: LINQ data queries, Windows Presentation Foundation (WPF), ASP.NET Ajax and the Microsoft Ajax Library, Silverlight-based rich Internet application development, and creating Web services with Windows Communication Foundation (WCF). New language features introduced in this edition: object anonymous types, object initializers, implicitly typed local variables and arrays, delegates, lambda expressions, and extension methods. Students begin by getting comfortable with the free Visual Basic Express 2008 IDE and basic VB syntax included on the CD. Next, they build their skills one step at a time, mastering control structures, classes, objects, methods, variables, arrays, and the core techniques of object-oriented programming. With this strong foundation in place, the Deitels introduce more sophisticated techniques, including inheritance, polymorphism, exception handling, strings, GUI's, data structures, generics, and collections. Throughout, the authors show developers how to make the most of Microsoft's Visual Studio tools. A series of appendices provide essential programming reference material on topics ranging from number systems to the Visual Studio Debugger, UML 2 to Unicode and ASCII.

Forex Trading Secrets Trader X 2016-03-27 You will not find this education at your brokers how to section. Most likely you will not find this information anywhere on this book section on any other book store. I have paid thousands of dollars on exclusive groups and paid forums to collect the information presented in this book. As you can imagine these are the highly guarded secrets of the elite of the FOREX traders, no one gives their living away, unless you pay them a price worth their living. However I have decided to make this information for ridiculously low price, because I am fed up with the brokers and the big banks taking advantage of the

regular retail trader. Let me ask you a question? When was the last time you make money with FOREX? Even further more how much money you are willing to lose, until you give up? How long you will continue to give your hard earned money to the broker? Just like you I started 5 years ago with high hopes of quitting my job and leaving the live I deserve with FOREX. My hopes and aspirations were quickly crashed and my dreams went to the dump. First I lost 1000, then 5000, 10k , how much longer I could continue like that, how much longer I could endure the ridicule the jokes of my family and the frown on the face of my wife. It was painful, sitting all day in front of the computer, until you can't see any longer and everything including the platform and your mind become blurry. I know the pain I have been there. This continued for year, until one morning I was ready to quit, I was going to give it a last try and throw that FOREX staff in the garbage, out the window. I stumbled on a rear tread, which since then has been banned, by the broker that was holding the forum. Luckily the tread continued under the broker's radar for while, and gathered a bunch of comments an support. Finally the tread from the trader X was discontinued. I was in dis pare, that was the only hope and light, I have seen for a long time. I was applying the advice from the trade and things were starting to work for me. Fortunately I was able to PM the trader and begged him to agree on a 20 min conversation on the phone. Trader X was not a guru, not your regular internet promoter mojo. He was quietly raking in thousands of dollars a month for years, he was not excited about the next trade, his heart beat was not raising before he pooled the trigger. See, he has been doing this trading staff for so long it has become a boring procedure, rather a morning an afternoon chore, something like putting the garbage out on garbage day. He explained that he learned from the MASTER, I did not proceed to ask him who was the MASTER, since I mainly was concerned with him teaching him every little bit of what he knew about trading. He didn't not agree to spend time teaching me on our first conversation, regardless of how much I offered to pay him. See, for him money was not a issue. Finally on my third approach he agreed to show me what the MASTER had thought him many years ago. What is comprised in the pages of this book will be worth pure gold to you. This book is down to the ground no no sense, real trading knowledge. It gives step by step instructions with real trade examples. This book is not your regular hog wash advice that you will find from your broker and the other magic bullets and seven step series that you see on this site. This book teaches you how to trade like the pros. Shows you how the big banks and foreign nationals and institution trade. The book opens your eyes to how to piggy back on the big institutional traders and win. Ninety Five percent of the people that trade the Forex market lose money and give up. The market is continually replaced by fresh blood like yourself. Don't become part of the statistics, read this book and get a map to success in FOREX. You can make a success in FOREX if you know what you are doing. Yes you can make a living with FOREX and quit your job. You can achieve your dreams. Buy this book and find out How?

The Last Vispo Anthology Crag Hill 2012-11-03 This book collects experimental "visual poetry." With The Last Vispo Anthology, Fantagraphics spotlights the intersection of art and language in this innovative new collection – without peer in English – that gathers the work of visual poets from around the world into one stunning volume. The alphabet is turned on its head and inside-out and the results culminate in a compilation of daring and surprising verbo-visual gems. The Last Vispo is composed of visual poetry (a portmanteau of the words "visual" and "poetry) from the years 1998 to 2008, during a burst of creative activity fueled by file sharing and e-mail, which made it possible for the vispo community to establish a more heightened and sophisticated dialogue with one another. The collection extends the dialectic between art and literature that began with ancient "shaped text," medieval pattern poetry, and dada typography, pushing past the concrete poetics of the 1950s and the subsequent mail art movement of the 1980s to its current incarnation. Rather than settle into predictable, unchallenged patterns, this vibrant poetry seizes new tools to expand the body of work that inhabits the borderlands of visual art and poetic language. The Last Vispo features 148 contributors from 23 countries on five continents. It

includes 12 essays that illuminate the abundant history and the state of vispo today. The anthology offers a broad amalgam of long-time practitioners and poets new to visual poetry over the last decade, underscoring the longevity and the continued vitality of the art form. *Weedopedia* Adams Media 2020-01-21 Discover everything you've ever wanted to know about marijuana all in one place with this authoritative A-to-Z guide to cannabis! FIDIC Users' Guide Brian W. Totterdill 2006 The FIDIC Conditions of Contract for Construction and the Conditions of Contract for Plant and Design-Build (known as the 1999 Red Book and the 1999 Yellow Book) were first published in 1999 and have been used for a large number of contracts around the world. During 2005, FIDIC and the multilateral development banks cooperated to publish the MDB Harmonised Conditions of Contract for Construction. This book is a revised and extended edition of the authors earlier guides.

The Czech Reader Jan Bažant 2010-12-13 The Czech Reader brings together more than 150 primary texts and illustrations to convey the dramatic history of the Czechs, from the emergence of the Czech state in the tenth century, through the creation of Czechoslovakia in 1918 and the Czech Republic in 1993, into the twenty-first century. The Czechs have preserved their language, traditions, and customs, despite their incorporation into the Holy Roman Empire, the Habsburg Empire, the Austro-Hungarian Empire, the Third Reich, and the Eastern Bloc. Organized chronologically, the selections in *The Czech Reader* include the letter to the Czech people written by the religious reformer and national hero Jan Hus in 1415, and Charter 77, the fundamental document of an influential anticommunist initiative launched in 1977 in reaction to the arrest of the Plastic People of the Universe, an underground rock band. There is a speech given in 1941 by Reinhard Heydrich, a senior Nazi official and Deputy Reich Protector of Bohemia and Moravia, as well as one written by Václav Havel in 1984 for an occasion abroad, but read by the Czech-born British dramatist Tom Stoppard, since Havel, the dissident playwright and future national leader, was not allowed to leave Czechoslovakia. Among the songs, poems, folklore, fiction, plays, paintings, and photographs of monuments and architectural landmarks are "Let Us Rejoice," the most famous chorus from Bedřich Smetana's comic opera *The Bartered Bride*; a letter the composer Antonín Dvořák sent from New York, where he directed the National Conservatory of Music in the 1890s; a story by Franz Kafka; and an excerpt from Milan Kundera's *The Joke*. Intended for travelers, students, and scholars alike, *The Czech Reader* is a rich introduction to the turbulent history and resilient culture of the Czech people.

Nothing Is Impossible Dynamo 2012-09-27 'I immersed myself in magic. I read every book I could get my hands on and practised and practised, day after day and night after night. Magic became my world...some might say an obsession.' When you're a kid life can seem tough; tougher for some than others. But the darkest of times can also be the most enlightening. When his late granddad showed him magic for the first time, Steven Frayne knew there was more to life than hiding from bullies. He had a destiny. A calling. In that moment

Dynamo was born: the most exciting magician of the 21st century. Since then, Dynamo has shocked, thrilled and amazed men, women and children, from all walks of life, all over the world. With his mind-blowing illusions, he has catalysed a whole new era of magic. Now, in his very first book, Dynamo invites you to join him on a breathtaking journey across the globe. Be prepared to levitate Lindsay Lohan in Singapore, transform snow into diamonds in the Austrian mountains, and walk on water across the River Thames. Along the way, he reveals how to make the impossible possible, what it takes to pull off the greatest stunts man has seen, and why everyone needs magic in their lives. This is no illusion. This is Dynamo revealed.

Sleeping with Your Smartphone Leslie A. Perlow 2012
"Argues that monitoring one's electronic business

communication 24/7 is actually counterproductive and offers a plan for companies to take time to "disconnect" in order to boost their productivity." *Finishing Strong* Steve Farrar 2011-02-02 Bestselling author Steve Farrar has good news for the average man: it doesn't matter if you've had a great start in the Christian life, or a rough one. It doesn't matter if you've stumbled time and again, or even fallen flat on your face. What matters most in this all-important race of life is how you finish. According to Farrar, the man who hangs in there for the long haul with his wife, his kids, and his Lord is an exception these days. *Finishing Strong*, now in trade paperback, offers lively use of Scripture, contemporary illustrations, and study questions to equip every reader to be that exception. For the man who wants to climb the character ladder more than the corporate one, this is an essential tool.
