Retail Gangster - Gary Weiss 2022-08-23

A biography of the spectacular rise and fall of Eddie Antar, better known as "Crazy Eddie," whose home electronics empire changed the world even as it turned out to be one of the biggest business scams of all time. Back in the fall of 2016 we heard the news about the passing of Eddie Antar, "Crazy Eddie" as he was known to millions of people, the man behind the successful chain of electronic stores and one of the most iconic ad campaigns in history. Few things evoke the New York of a particular era the way "Crazy Eddie! His prices are insaaaaane!" does. The journalist Herb Greenberg called his death the "end of an era" and that couldn't be more true. What's insane is that his story has never been told. Before Enron, before Madoff, before The Wolf of Wall Street, Eddie Antar's corruption was second to none. The difference was that it was a street franchise, a local place that was in the blood stream of everyone's daily life in the 1970s and early '80s. And Eddie pulled it off with a certain style, an in your face blue collar chutzpah. Despite the fact that then U.S. Attorney Michael Chertoff called him "the Darth Vader of capitalism" after the extent of the fraud was revealed, one of the largest SEC frauds in American history after Crazy Eddie's stores went public in 1984, Eddie was talked about fondly by the people who worked for him. They still do--there are myriads of ex-Crazy Eddie employee web pages that still attract fans, and the Crazy Eddie fraud scheme is now taught in every business school across the United States. Many years have passed

since the franchise went down in spectacular fashion but Crazy Eddie's moment has endured the way that iconic brands and characters do--one only need Google the media outpouring that accompanied his death. Maybe it's because it crystallized everything about 1970s New York almost perfectly, the merchandise and rise of consumer electronics (stereos!), the ads (cheesy!), the money (cash!). In *Retail Gangster*, investigative journalist Gary Weiss takes readers behind the scenes of one of the most unbelievable business scam stories of all time, a story spanning continents and generations, reaffirming the old adage that the truth is often stranger than fiction.

Behind the Badge - Ron Cowart 2017-07-10

Cops tend to think and do things differently from the average, everyday citizen. And their sense-of-humor tends to be different as well. Things that may shock the average person are oftentimes considered hilarious by cops. While many agree that it's just one way of coping with what cops are subjected too on a daily basis, it also makes for some downright funny stories, not to mention cherished memories. The author has taken some of these stories, from two departments located in Baton Rouge, Louisiana and compiled them, for posterity, into *Behind the Badge*.

A Cop's Life - Sgt. Randy Sutton 2007-04-01

After September 11, 2001 Las Vegas Police Sergeant Randy Sutton began soliciting writing from law enforcement officers-his goal being to bridge the gap between the police and those they serve, with a book that offers a broad and thoughtful look at the many facets of police life. Hundreds of active and former officers responded from all over the United States: men and women from big cities and small towns, some who had written professionally, but most for the first time. Sutton culled the selections into five categories: *The Beat*, *Line of Duty*, *War Stories*, *Officer Down*, and *Ground Zero*. The result is *True Blue*, a collection of funny, charming, exciting, haunting stories about murder investigations, missing children, bungling burglars, car chases, lonely and desperate shut-ins, routine traffic stops, officers killed in the line of duty, and the life-changing events of September 11. Here, officers reveal their

emotions-fear and pride, joy and disgust, shame and love-as they recount the defining moments of their careers. In these stories, the heart and soul behind the badge shines through in unexpected ways. True Blue will change the way we think about the deeply human realm of police service.

Murder Behind the Badge - Stacy Dittrich 2010

As a crime victim myself who went on to become a felony prosecutor, police have been a constant in my life for many, many years. They are some of the most honorable people I have ever known. This book exposes the dichotomy between police who fight crime every day vs. those who have become criminals themselves... a real mind-twister!- NANCY GRACEFormer prosecutor, host of HLN Prime Time's Nancy Graceand author of the New York Times best seller Objection! - How High-PricedDefense Attorneys, Celebrity Defendants, and a 24/7 Media Have Hijacked Our Criminal Justice SystemMost men and women who aspire to be police officers begin their careers with a noble dream of community service, upholding the law, and helping those in need. Yet over time the rigors and emotional strain of dealing with society's worst element wear on even the most idealistic officers like a sheet of sandpaper, until what used to be a compassionate human being is slowly rubbed away. A few become corrupted and slip into criminal behavior, directly contradicting their oath to guard the public. Even worse, there are some who hide behind their badges to commit the most heinous crimes imaginable.In a shocking true-crime narrative that reads like a thriller, former police officer, former detective, and mystery writer Stacy Dittrich tells eighteen stories about cops who kill. From the brutal to the bizarre, the senseless to the extreme, these men and women abused their power, took human life, and are now (except for one) paying the consequences.Some killed for love, others for money, and still others because of seemingly trivial personality conflicts. Dittrich profiles, among others:· New Orleans cop Antoinette Frank, who brutally murdered three innocent people, including a fellow officer· Canton, Ohio police officer Bobby Cutts Jr., who murdered his former girlfriend when she was nine-months pregnant· California highway patrolman Craig Peyer, who pulled over San Diego State college student Cara Knott over a frivolous traffic violation, then murdered her.· Columbia, Missouri officer Steven Rios, who slit the throat of his gay lover, after he threatened to tell everyone of their

relationship. As a veteran police officer with seventeen years of experience, Dittrich is careful to emphasize that the vast majority of law enforcement officers dutifully uphold their oath to protect the public trust. The fascinating stories she tells are examples of the few whose character flaws turned them into the very criminals they themselves at one time pursued. Stacy Dittrich (Mansfield, OH) is an award-winning veteran law enforcement officer, author, media consultant, and former detective specializing in sex crimes. In 2002, she received the Victims of Crime Award from former Ohio Attorney General Jim Petro. She is the author of the CeeCee Gallagher thriller series about a female detective. She has been featured on HLN's Nancy Grace show, Fox's *Geraldo at Large*, and other programs.

Parkland - Dave Cullen 2019-02-12

A NEW YORK TIMES BESTSELLER On the first anniversary of the events at Parkland, the acclaimed, New York Times bestselling author of *Columbine* offers an intimate, deeply moving account of the extraordinary teenage survivors who became activists and pushed back against the NRA and feckless Congressional leaders—inspiring millions of Americans to join their grassroots #neveragain movement. Nineteen years ago, Dave Cullen was among the first to arrive at Columbine High, even before most of the SWAT teams went in. While writing his acclaimed account of the tragedy, he suffered two bouts of secondary PTSD. He covered all the later tragedies from a distance, working with a cadre of experts cultivated from academia and the FBI, but swore he would never return to the scene of a ghastly crime. But in March 2018, Cullen went to Marjory Stoneman Douglas High School because something radically different was happening. In nearly twenty years witnessing the mass shootings epidemic escalate, he was stunned and awed by the courage, anger, and conviction of the high school's students. Refusing to allow adults and the media to shape their story, these

remarkable adolescents took control, using their grief as a catalyst for change, transforming tragedy into a movement of astonishing hope that has galvanized a nation. Cullen unfolds the story of Parkland through the voices of key participants whose diverse personalities and outlooks comprise every facet of the movement. Instead of taking us into the mind of the killer, he takes us into the hearts of the Douglas students as they cope with the common concerns of high school students everywhere—awaiting college acceptance letters, studying for mid-term exams, competing against their athletic rivals, putting together the yearbook, staging the musical *Spring Awakening*, enjoying prom and graduation—while moving forward from a horrific event that has altered them forever. Deeply researched and beautifully told, *Parkland* is an in-depth examination of this pivotal moment in American culture—and an up-close portrait that reveals what these extraordinary young people are like. As it celebrates the passion of these astonishing students who are making history, this spellbinding book is an inspiring call to action for lasting change.

American Heroes Coming Out from Behind the Badge - Greg Miraglia 2010-12

Imagine working in a job you always dreamed of having and working in a career that excites and fulfills you in every way. Consider what it would be like to be highly successful in your work, admired by your peers, but always fearful that if anyone you work with discovered your secret, it could all be over. This is what it is like to be a closeted gay, lesbian,

bisexual, or transgender member of law enforcement. And in the fire service and emergency medical services profession, the condition is even worse because of the common housing situation required while working a 24 to 48 hour shift. It's true that society as a whole has become more accepting of gay and lesbian people, but homophobia continues to be pervasive in much of the public safety arena. Most states still do not have any employment protection against harassment and discrimination based on sexual orientation. Imagine being fired from the job you love because of who you are. *American Heroes Coming Out From Behind The Badge* is Greg Miraglia's second book intended to show examples of how police officers, firefighters, and EMS professionals have been able to come out and be successful on the job. The stories come from across the country and tell of a very personal and courageous journey. They are intended to both inspire and educate. The book contains a section on how to come out as well as a section with resources and associations supporting LGBT public safety professionals. This book is ideal for anyone who is struggling to come out as well as for straight allies who want to learn more about how to support their LGBT colleagues.
