California (State). Court of Appeal Case(s): C000158
Understanding Trusts and Estates, Fifth Edition
(2013) Roger W. Andersen 2013-06-19 This volume
updates earlier editions to continue offering
efficient, yet comprehensive, coverage of the issues
in a standard Trusts and Estates course. Although
the book is designed primarily as a student
supplement, some teachers have used it successfully
as the primary text, supplemented by statutory
materials, for both the basic course and for more
specialized courses. The text's multi-layered
structure allows students to use the book in
different ways, depending upon their needs.
Students using the book as a regular supplement to
a casebook can read the text and ignore the footnotes

until they need more examples or greater depth.
The organization tracks the basic approach of most
casebooks, and where it differs from an individual
book, the comprehensive table of contents makes it
easy to find what students need. By discussing
many of the cases found in popular casebooks, the
text helps students understand how specific issues
fit in a bigger picture. The footnotes carry the
student-centered approach a step further by briefly
discussing tangential issues, offering additional
examples, and again citing cases often found in
casebooks. Even if the text does not discuss "their"
case, often it will cite the case and place it in
context. Each case citation includes a brief fact
description to provide more examples of the way
general principles can apply in specific situations.
Further, the footnotes include numerous cross-
references to other sections of the book, to help
students identify the interconnections holding the

subject together.

California Real Estate Principles Charles O. Stapleton
2004 Completely revised and thoroughly
comprehensive, this is the brand new edition of the
state's premier real estate licensing manual! Ideal for
home study or classroom, for the prospective real
estate broker or salesperson, for anyone seeking a
solid foundation for building or maintaining a
successful career! Book jacket.

Phrases* 1904

Real Estate Law in California Arthur G. Bowman
1978 "The 5th edition of Real Estate Law in
California expands on the important areas of
contracts in general, and the duties and
responsibilities of real estate agents to their
principals and buyers. The book further updates the
newer code sections and cases in other areas such as
deeds of trust, foreclosures and landlord-tenant laws.

Strong emphasis is placed on real estate contracts
and the text follows, chapter by chapter, the new
Instructor's Guide and Student Study Guide
published by the Department of Real Estate. It
offers a considerable number of newer case and code
citations along with specific court cases and
examples. Stimulating questions at the end of each
chapter reinforce major points and expand
understanding. The book is easily read and
understood. Beginning with an explanation of the
law, it follows real estate transactions through to
completion. Both the index and table of contents
provide a quick guide to a particular area of the real
estate law. As the authors explain in their Preface,
'As in previous editions, the main objective of this
book is to acquaint all persons interested in real
estate with the facts of California real estate law. It
will give them a better understanding of and a
thorough acquaintance with the principles of real

estate law in this state"--Unedited summary from book cover.

A Legal Guide for Lesbian and Gay Couples Hayden
Curry 1989 America's estimated 20 million lesbians
and gay men need to take specific legal steps to
define and protect their relationships in the eyes of
the law. This practical guide shows them how to:
obtain domestic partner benefits-plan for medical
emergencies-buy property together-provide for
each other at death-understand the practical and
legal aspects of having and raising children. The

guide includes living together contracts, sample
wills and a durable power of attorney. The updated
14th edition now includes a new chapter discussing
the laws of states that offer an equivalent to
marriage, plus information on ending such
relationships.

Legal Breakdown Stephen Elias 1990 Discusses
forty ways to make our legal system work for and
be more humane and accessible to the millions of
Americans who are denied access to the law
Practical Real Estate Law Daniel F. Hinkel
2014-02-01 Gain a solid understanding of the role of
today's real estate paralegal and the intricacies of
real estate law and transactions using PRACTICAL
REAL ESTATE LAW, 7th edition. This
comprehensive resource provides students with
clear explanations to help you understand the
complexities of real estate law. The book's case-based
approach explains legal principles using practical

applications and the most current examples. Updates throughout this edition clarify the latest rulings and industry regulations, while case summaries illustrate how legal principles operate in today's world. New case problems and assignments offer practice in reading and analyzing case material. Meaningful discussions, checklists and well-illustrated forms guide students through all areas of modern real estate practice with an emphasis on important ethical concerns. Students develop a solid understanding of transactional real estate--from real estate contracts and brokerage relationships to surveys, title insurance, taxation and real estate finance as they relate to both residential and commercial processes. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
