Work + Life - Cali Williams Yost 2004-12-28

The empowering new 3-step guide to combining work and life strategically, creatively, and successfully. The message is simple: Work doesn't have to be all or nothing. There are countless combinations of balancing work and life between these extremes. People can establish boundaries and change the way work fits into their lives, in a way that's good for employees and employers. Work+Life provides the tools to adjust the "work" portion of life in order to have more time and/or energy for personal responsibilities and interests. Even a small change can make a big difference. Industry expert Cali Yost has been working with people on all sides of the issue: employees and managers at companies such as General Electric/NBC, Ortho-McNeil Pharmaceuticals, and Ernst & Young, and EAPs nationwide that help companies help their employees. They all say the same thing--Work+Life is the missing piece of the puzzle, providing readers with invaluable work life balance tips and putting them on the cutting edge of the workplace revolution.

Live Long, Live Strong - Patrick Dale 2013

People are living longer than ever before. Medical science, reduced risk of injury and improved technology mean that many will live to see their 80s, 90s and even 100s. But, while we are living longer lives, are we living better lives? Despite improved longevity, many people experience a significant reduction in quality of life as they age - many spend their golden years virtual prisoners in their own homes due to physical and mental incapacity. This is especially sad considering that many aspects of both physical and mental decline can be delayed if not almost completely avoided. *Live Long, Live Strong* is a guide to combining sensible exercise for both your body and mind with a nutritional plan designed to address many of the conditions that commonly plague older people. It also includes information on improving brain power and minimizing your risk of suffering a fall - one of the leading causes of becoming housebound. This comprehensive book addresses all aspects of mature health so that readers will be able to take on Old Father Time and give him a run for his money!

Get Fit For Life - Jack Lowe 2020-12-04

Thanks to advances in medical science, we are living longer than ever before. But how much thought and effort do we put into preparing for these extra years of life? This book makes a strong case for the virtues of physical activity to maintain health and mobility in old age. From mindset and exercise to diet and sleep, each chapter summarizes the scientific evidence and offers advice and encouragement on how to change your everyday habits - starting right now. Interwoven with anecdotes from the author's adventurous life, this is a passionate, highly personal manifesto for embracing later life with humor, resilience, and optimism. A successful entrepreneur and all-round athlete, Jack Lowe has climbed the highest peaks on three continents and travelled 22 countries by bike. At the age of 78, he championed the creation of the Fit for Life Foundation to promote life-long fitness and independent mobility of older people worldwide. All proceeds from the sale of this book are donated to the Fit for Life Foundation, www.fitforlife.foundation

Young for Life - Marilyn Diamond 2013-04-02

One hundred and seventy millions Americans are obese. Thirty million are "skinny fat," not outwardly big but inwardly nutrition deficient. The authors of this book, both staunch vegans for decades, were among the "skinny fat." After witnessing accelerated aging, Marilyn Diamond and Dr. Donald Schnell transformed

their health through a radical lifestyle overhaul that most people over 40 will find easy and intuitive. *Young for Life* begins with the premise that our bodies are miraculous machines that have the potential for life-long vitality, sexuality, and youthfulness, and then shows how to reverse the signs aging through three key life-changing practices: - Whole Food nutrition for vital nutrients that combat genetic aging - Convenience exercise-6-second techniques of muscle contraction that are the foundation of shaping sexy muscle anytime, anywhere - Disease-prevention-fighting nutrient deficiency with micronutrient supplements

Eat to Live - Joel Fuhrman 2011-01-05

The healthy diet plan that's become a million-copy word-of-mouth bestseller -- now completely revised and

updated. Hailed a "medical breakthrough" by Dr. Mehmet Oz, Eat to Live offers a highly effective, scientifically proven way to lose weight quickly. The key to Dr. Joel Fuhrman's revolutionary six-week plan is simple: health = nutrients / calories. When the ratio of nutrients to calories in the food you eat is high, you lose weight. The more nutrient-dense food you eat, the less you crave fat, sweets, and high-caloric foods. Eat to Live has been revised to include inspiring success stories from people who have used the program to lose shocking amounts of weight and recover from life-threatening illnesses; Dr. Fuhrman's nutrient density index; up-to-date scientific research supporting the principles behind Dr. Fuhrman's plan; new recipes and meal ideas; and much more. This easy-to-follow, nutritionally sound diet can help anyone shed pounds quickly-and keep them off.

Women's Health Perfect Body Diet - Cassandra Forsythe, PhD, RD 2008-12-23

Let's face it—women simply do not shed pounds or build muscle as easily as men do. Drawing on fascinating recent research that has shed new light on the gender differences in food metabolism and the effect of exercise, the editors of Women's Health, the healthy lifestyle magazine for today's active woman on the go, have devised a weight-loss plan that works especially well for women who would like to lose 5-25 pounds. Key features of the Women's Health Perfect Body Plan include: • Glucomannan, a soluble fiber that helps dieters feel full faster—and therefore eat less throughout the day • Meal plans that contain at least 40 grams of fiber per day • An adjustment for the impact of female hormones on weight loss (women need a higher protein diet than men to increase lean body tissue and decrease body fat) • Dieting techniques that revolve around psychological needs and personal goals and lifestyle • Two diet plans to choose from—one higher in fats and lower in carbs; the other higher in carbs and lower in fats (simple food tests help women choose the type they need) In addition to the customized eating plan—complete with 75 easy-to-prepare recipes—there is a vigorous customized fitness program consisting of 50 exercises that brings results in just three weeks.

Lose it for Life - Stephen Arterburn 2011

" Weight loss can be permanent! Everywhere you turn, you hear hype on the latest weight-loss craze—low carb vs. low fat, cardio vs. weight training, diet pills vs. surgery. Most of those programs will help you drop a few pounds but for how long? And for what purpose? Just to look better? Yet we are more than physical beings. We need a holistic approach to health that doesn't stop at physical fitness. Lose It For Life is the answer—a uniquely balanced program that deals with the physical, emotional, and, especially, spiritual elements that lead to permanent weight loss. Now endorsed by Florida Hospital as part of its Healthy 100 campaign, this deluxe edition of the book and workbook offers a wide variety of exercises and activities to lead you to the next level in understanding: why you do what you do how you can shed bad habits for good how, with the help of God and others, you can develop a whole new approach to life, to eating, and to living healthy and free! Lose It For Life is truly the total solution for permanent weight loss. As a bonus, the deluxe edition also includes a brand new chapter on Arterburn's latest breakthrough program—The Healthy 100s Diet and Weight Loss Plan"—

Body For Life - Bill Phillips 1999-06-10

Mention the name Bill Phillips to any of the people he's helped transform and you will see their faces light up with appreciation and respect. These people include: Hundreds of thousands of men and women who read his magazine for guidance and straightforward information about exercise, nutrition, and living with strength. Elite professional athletes, among them John Elway, Karl Malone, Mike Piazza, and Terrell Davis who have turned to Phillips for clear-cut information to enhance their energy and performance. People once plagued by obesity, alcoholism, and life-threatening ailments who accepted a personal challenge from Bill Phillips and, with his help, have regained control of their bodies and their lives. When you begin to apply the information in this book, you will be proving to yourself that astounding changes are within your grasp too. And, you will discover Body-for-LIFE is much more than a book about physical fitness—it's a gateway to a new and better life, a life of rewarding and fulfilling moments, perhaps more spectacular than you've ever dared to dream before. Within 12 weeks, you too are going to know what you believe, but know: that the transformation you've created with your body is merely an example of the power you have to transform everything else in your world. In language that is vivid and down-to-earth, Bill Phillips guides you, step by step, through the integrated Body-for-LIFE Program, which reveals: How to lose fat and increase your strength by exercising less, not more; How to tap into an endless source of energy by living with the Power Mindset™; How to create more time for everything meaningful in your life; How to trade hours of aerobics for minutes of weight training with dramatic results; How to make continual progress by using the High-Point Technique™; How to feed your muscles while starving fat with the Nutrition-for-LIFE Method™; How thousands of ordinary people have now become extraordinary and how you can, too; How to gain control of your body and life, once and for all. The principles of the Body-for-LIFE Program are surprisingly simple but remarkably powerful. So allow yourself to experience the force of the information in this book, allow yourself to take your mind, your body, your life to a higher point than you may have ever dreamed you could. All in as little as 12 weeks.

What We Owe Each Other - Minouche Shafik 2021-04-27

From one of the leading policy experts of our time, an urgent rethinking of how we can better support each other to thrive Whether we realize it or not, all of us participate in the social contract every day through mutual obligations among our family, community, place of work, and fellow citizens. Caring for others, paying taxes, and benefiting from public services define the social contract that supports and binds us together as a society. Today, however, our social contract has been broken by changing gender roles, technology, new models of work, aging, and the perils of climate change. Minouche Shafik takes us through stages of life we all experience—raising children, getting educated, falling ill, working, growing old—and shows how a reordering of our societies is possible. Drawing on evidence and examples from around the

world, she shows how every country can provide citizens with the basics to have a decent life and be able to contribute to society. But we owe each other more than this. A more generous and inclusive society would also share more risks collectively and ask everyone to contribute for as long as they can so that everyone can fulfill their potential. What We Owe Each Other identifies the key elements of a better social contract that recognizes our interdependencies, supports and invests more in each other, and expects more of individuals in return. Powerful, hopeful, and thought-provoking, What We Owe Each Other provides practical solutions to current challenges and demonstrates how we can build a better society—together.

Learn about the easy and proven way to build good habits and break the bad ones. What's a habit? If someone were to ask you about your daily habits, you might need some time to think about them. That's because a habit, by definition, is an act that you perform automatically by instinct. Like when you walk into a dark room, you instinctively turn on a light switch, right? Habits are actions you don't even have to think about, which is why you might not realize how a small daily action can have a powerful effect on your life. If you're saving a dollar a day or smoking a cigarette a day, these actions may not seem like much now, but twenty years from now, those habits can either make you rich or, unfortunately, kill you. That's why it's important to understand how habits are formed, so you can learn how to kick the bad habits, implement the healthy ones, and take back control of your life.

Fit for Life - Harvey Diamond 2010-01-01

There is only one concept to grasp and only one action to take: Eat more living food than dead food. The simplicity of this message has eluded people up to now. In fact, it may seem oversimplified. Because of past frustrations and disappointments, people have come to believe that losing weight is complicated, difficult and expensive. Truth be told, all that is required to reap the myriad benefits of Harvey Diamond's program is to return to the fundamentals of life. The human body is intelligent and capable beyond anyone's comprehension, but in order to unleash this extraordinary intelligence—including that which normalizes body weight—the proper fuel is required. That fuel is living food. But for some inexplicable reason, people have allowed themselves to believe that they can give their bodies the wrong fuel and then have it operate at optimum efficiency. And that is why most people become overweight. This book offers not a diet, but a lifelong way of eating that allows the eating experience to remain a joyous one, rather than a clinical

endeavor of measuring portions, counting calories, calculating grams of fat, carbohydrates and protein, or ingesting meal replacements. It teaches readers how to eat any food in the most healthful way so there is no feeling of deprivation. As readers embark on this life-changing journey, they will experience the surge of energy and well-being that only comes as the automatic result of properly fueling their bodies. Providing deliberate, gentle and forgiving guidance every step of the way, this book will become readers' trusted source and companion as they create a new way of eating and living, which will lead to both overweight and poor health becoming conditions of the past.

Most women already know, more or less, what they should be doing to keep their bodies healthy and strong. Eat right, work out, and be mindful—but who really has the time for all of that when work is crazy, the kids are waiting for dinner, and there just aren't enough hours in the day? It turns out, you don't need hours: just 10 minutes! Based on cutting-edge research and designed for real women, the 60-day Fit in 10 plan offers proven results without endless hours at the gym or cooking elaborate meals. Working out for just 10 minutes per day and spending 10 minutes or less creating healthy, delicious meals will result in a faster metabolism, slimmer waistline, reduced pain, and overall improved health and mood. Fit in 10 is a lifestyle, not a diet. Prevention has developed this program to help you boost your commitment to a healthy, active life. The book includes a 10-day clean-eating jumpstart meal plan, 85 healthful, delicious recipes to the 60-day training plan that will help you form new exercise and eating habits that will improve your health and tone and tighten your body. The 10-minute "Life Changers" throughout the book encourage and empower you to prioritize yourself and stay on track to meet those goals long past those first 60 days.
