SAT Math 2 Prep Black Book - Mike Barrett 2016-04-21

"Click the "look inside" feature above to browse the Black Book and get a feel for how it approaches the SAT Math Level 2 Subject Test!!" The "SAT Math Level 2 Black Book" gives you unique, effective strategies from Mike Barrett, a test prep tutor with clients all over the globe who pay him hundreds of dollars an hour for phone tutoring. The Black Book is a must-have for anyone who wants to maximize their performance on the Math Level 2 Subject Test in the most efficient way possible. The Black Book works best when used with the authentic test questions in the College Board publication "The Official SAT Subject Tests in Mathematics Levels 1 & 2." The Black Book shows you how to beat the test, while the College Board's book gives you real Subject Test questions to practice with. (The SAT Math Level 2 Black Book has no affiliation with the College Board.) The Black Book and the College Board's Book are all you need to get your best possible test score. Why is the Black Book the ideal book when it comes to preparing for the Math Level 2 SAT Subject Test? It actually works, for one thing. You'll learn to use the test's own design flaws against it, instead of just drilling advanced math concepts that may not even be relevant to the test. The Black Book is a clear, concise roadmap to the test. (See the partial table of contents below). It explains exactly how every real Math Level 2 Test practice question works, and how to beat those questions in the least time possible. The Black Book contains 100 original solutions for real Math Level 2 questions from the College Board's book, so you know that what you're learning actually works on authentic test questions. (You'll need the College Board book "The Official SAT Subject Tests in Mathematics Levels 1 & 2" to use these solutions. But you shouldn't always trust the College Board's own explanations of its questions, believe it or not! As Mike demonstrates repeatedly, the College Board's explanations are often unnecessarily complicated. Mike shows you what's really going on with the test in a way that the College Board does not.) "Click the "look inside" feature above to browse the Black Book and get a feel for how it approaches the test!" A selection from the table of contents: ...The material in this Black Book is unique. Reading isn't all it takes Frequently Asked Questions Why You'll Need A Copy Of The Official SAT Subject Tests in Mathematics Levels 1 & 2 Study Guide... Why you shouldn't just rely on the College Board's test-taking advice and explanations for its own questions The Secrets Of The SAT Subject Test In Mathematics Level 2... Barron's SAT Subject Test: Math Level 2, 13th Edition - Richard Ku 2018-11-06

This test prep guide opens with a detailed introduction that provides an overview of this exam, information about calculator use and scoring, and strategies for maximizing your score, followed by a full-length diagnostic test with all answers explained to help students pinpoint their strengths and weaknesses. In the chapters that follow, detailed topic reviews cover several types of functions; transformations and symmetry; conic sections; polar coordinates; three-dimensional geometry; counting; complex numbers; matrices; sequences and series; vectors; statistics; probability; and much more. All chapters have been fully updated and include clear examples, explanations, and practice exercises. The chapters on rational functions and conic sections, in particular, have been heavily revised to explain these concepts in greater detail. This book concludes with six full-length model tests that have been updated with brand new questions and detailed answer explanations. Each test also contains a self-evaluation chart to help students identify chapters that need to be reviewed and rubrics for students to determine their raw and scaled scores. BONUS ONLINE PRACTICE TESTS: Students who purchase this book will also get FREE access to two additional full-length online SAT Math Level 2 subject tests with all questions answered and explained and automatic scoring.

The Official SAT Subject Test in Mathematics Level 2 Study Guide - The College Board 2017-09-05

SAT Subject Tests are a valuable way to help students show colleges a more complete picture of their academic background and interests. Each year, over 200K high school students take a math SAT Subject Test to demonstrate their knowledge and showcase their achievement. Many of today's careers require STEM skills, and SAT Subject Tests can provide a fair and reliable measure of students' achievement in math in high school. This information can often enhance a student's college admission portfolio. Several colleges and universities also require or recommend students to take SAT Subject Tests for admission and/or placement. The Official SAT Subject Test in Mathematics Level 2 Study Guide from the College Board is the only source of official questions and answer explanations for these exams. Created from the makers of the Subject Tests, this guide offers a total of four (two never-been released) forms of real past Math exams for students to gain real practice. Students will gain valuable experience and raise their confidence by taking practice tests, learning about test structure, and gaining a deeper understanding of what is tested on the test. The Official SAT Subject Test in Mathematics Level 2 Study Guide will help students get ready for the test with: •4 full-length, previously administered tests in Math Level 2 •Detailed answer explanations for every question in all tests •Exclusive test-taking approaches and tips
