Quattro - Jeremy Walton 2020-09-15

The word 'Quattro', chosen by Audi for its pioneering high-performance four-wheel-drive cars, immediately captures glamour and excitement in the minds of all motorsport enthusiasts. This book, written by a leading journalist and Quattro devotee, explores 24 years of factory-prepared and factory-supported Quattros in motorsport, from 1980 to 2004. It is a tale that extends from rough rally stages to race tracks, from pine-fringed ice trails in the depths of European winters to the shimmering heat haze and melting asphalt of Texas street racing. Along the way, it explains how Quattros collected four world rally championships, five American driver/manufacturer crowns and a single-year haul of seven international touring car titles, plus numerous other honours. With the five-cylinder turbocharged Quattro in its original form, rallying in the early years yielded numerous wins, most of all in 1982, when seven victories in 11 world championship rallies brought the first title. With the short-

wheelbase Sport added to Audi's armoury, 1984 became an all-action, all-conquering rallying season with two more world titles won, for drivers (Stig Blomqvist) and manufacturers. Three stunning Pike's Peak wins were achieved in America in successive years, for Michele Mouton (1985), Bobby Unser (1986) and Walter Röhrl (1987). Starting with double championships for the 200 quattro in TransAm (1988) and the 90 Quattro in IMSA (1989), racing success unfolded in America. Exuberant Hans Stuck was the star driver, but consistent team-mate Hurley Haywood captured that 1988 title. Touring car campaigns during the 1990s brought huge success, starting with fearsome V8 Quattro 'racing limos' in Germany. Global achievements followed with A4 Quattros in many national Super Touring series throughout Europe and in Australia, including Frank Biela's 1996 title-winning campaign in Britain. Audi continued to win on track in the new millennium as race versions of the S4 and RS6

captured five SCCA GT Championship titles in America.

[Dream Quartet](#) - June Ballantyne 2021-09-24

I received four stories over a few months from dreams that

came over a period of days and stayed in my mind until I wrote them down, and others via my subconscious. When I was sitting in my car at the beach and events happened that forced me to go home and sit at my computer, the stories came at great speed into my mind, and I typed them out and read them afterwards. The first is about a young girl who has moved to London for her new job working for the government. She meets a young gypsy who wants to tell her something. They have a connection, and events lead her to join him in the summer at the gypsy encampment, where she learns of her true family. Her life changes from there. The second story, again from a dream over a period of days, is a love story. A girl has a past that gets in the way. The third story I love. I was sitting in my car at the beach and words ran across the book I was trying to read. I drove home, and before I arrived at my door, the words were pushing their way into my head. I sat and typed as fast as

my fingers could keep me going, and then it ended. I did not know what I wrote, so I read the story: an amusing plan by six young adults to have a mystery holiday, while at the same time creating fun things for each of them to do while waiting for clues at their hotel, each one filled with mischief. It had an amusing twist for the ending. However, that night I had to get up and go to my computer and continue with a second part to the story. I really enjoyed it. The final story was very emotional for me. There was heartache, the mystery of where your soul goes after death, how life continues on a new path, and who is in charge.
